

## **Major Performance of Environmental Protection Administration, Executive Yuan in August 2022 (Toxic and Chemical Substances Bureau)**

1. On August 1, the instructions for participating in the “3<sup>rd</sup> Green Chemical Application and Innovation Awards” were announced. The registration period is from August 1 to 23:59 of October 14.
2. On August 5, a meeting was held to discuss amendments to partial provisions of the “Regulations for the Labeling and Materials Safety Data Sheets for Toxic and Concerned Chemical Substances”. In total, 239 business operators and environmental agency personnel participated in the meeting. During the notice period, the TCSB will continue to collect opinions from all circles and handle matters related to the notice in accordance with legal operating procedures.
3. On August 22, a survey meeting for toxic and concerned chemical substance storage and related items of National Cheng Kung University Environmental Resources Research and Management Center was held. To ensure the safety of all parties, the Ministry of Education, National Fire Agency and Occupational Safety and Health Administration were all invited to ensure the compliance of the “Destruction of Toxic and Concerned Chemical Substance and Related Items”, a project conducted by Cheng Kung University commissioned by the TCSB, with “Occupational Safety and Health Act”, “Fire Services Act” and environment related regulations.
