

**Performance of the Toxic and Chemical Substances Bureau,
Environmental Protection Administration, Executive Yuan in
November 2022**

1. On November 4, the amendment to some provisions of the "Regulations for the Labeling and Materials Safety Data Sheets for Toxic and Concerned Chemical Substances" was promulgated.
2. On November 14, the Bureau participated in the "2022 TGOS Platform Awards and Achievements Conference" held by the Ministry of the Interior. The Bureau's "Spatial Distribution Management System for Outdoor Building Materials with Asbestos" won the TGOS Value-Added Application Award, and the Bureau delivered a presentation to share its experience.
3. On November 29 and 30, the Bureau held the "2022 Conference on National Environmental Incident Cases and Awards Presentation for the Mutual Aid Groups with Outstanding Operation and Management," and the Minister gave a speech and presented awards. The conference was attended by approximately 400 participants from the industry, government, academia, and research institutes in the country. The Minister was invited to present the "National Mutual Aid Group Deep Cultivation Operation Award," "Mutual Aid Group Implementation Test Performance Award," "Regional Mutual Aid Group Operational Excellence Award," and "Mutual Aid Group Support Contribution Award" in appreciation of the industry's efforts in disaster response and mutual aid over the years.
