

## Chemicals Administration of the Ministry of the Environment

### Major Policies in November 2023

1. On November 1, Mayor Toshiharu Takaoka of Minamata City Government, Director Mitsuru Koga of Minamata Environmental Academia, and Director Wang, Li-Pang of National Taipei University of Technology visited the Administration to exchange views on the United Nations Minamata Convention on Mercury. In addition, the Administration shared its policy on the management of mercury in Taiwan with the guests.
2. On November 13 and 14, the 2023 National Seminar on Environmental Incidents and Award Presentation to Joint Prevention Organizations with Excellent Operation and Management was held at the Industrial Technology Research Institute, inviting approximately 500 participants from the joint prevention organization industry. On the first day of the event, the Minister of the Environment, Shieu Fuh-Sheng, delivered a speech and presented awards to the Joint Prevention Organizations with Excellent Operation and Management, encouraging enterprises to continue to prevent disasters autonomously in order to fulfill their social responsibilities.
