

## **Chemicals Administration, Ministry of Environment**

### **Major Policy Implementations in March 2025**

1. The first “Environmental Protection and Food Safety Coordination Meeting” for 2024 was held on March 18. The meeting was organized to discuss the projects “2024 Dioxins and Dioxin-like Polychlorinated Biphenyls: Monitoring and Background Value Survey Results”, “Management of Tank Trucks for Edible Fats and Oils”, and Pingtung County’s “Joint Pesticide Residue Sampling and Monitoring Results of Fruits and Vegetables”.
2. The finals of “The 4<sup>th</sup> Green Chemical Creativity Competition for Colleges and Universities” took place on March 22. The competition was divided into college and research groups, giving out 2 gold awards, 2 silver awards, 4 bronze awards, and 11 excellence awards. The list of winners was announced on March 27.
